CONGRESSIONAL AND COURT TESTIMONY

This case is about organized crime in politics.

Pg 2 of 5; 5.2.22, CONGRESSIONAL AND COURT TESTIMONY, U.S. Dist Crt Norcal Case

22-cv-1107-TSH

1 *'Well, how did that happen?', you might ask.*

2
3 *In these hearings, we will go over that in great detail.*

4
5 *The mobsters involved attacked and harmed me because I did not cooperate with their crimes and I*
6 *reported them to law enforcement when I witnessed those crimes.*

7
8
9 *Those 'mobsters' ran part of the United States Government and used the government resources,*
10 *that your tax dollars paid for, to operate their crimes and to attack me for whistle-blowing.*

11
12 *The irony here is that I, and every citizen ARE the 'United States Government'. In fact on November*
13 *11, 1620, my relatives signed the Declaration of Government, on the Mayflower, which, in part,*
14 *created the United States Government.*

15
16
17 *So it is strange that I am suing the United States Government, on behalf of the United States*
18 *Government in order to fix the United States Government.*

19
20 *If that isn't a bizarre concept; consider the fact that some of the most famous politicians in the*
21 *world covertly joined together to engage in a profiteering and racketeering 'enterprise' not unlike*
22 *the 'Mafia'.*

23
24
25 *To begin at the beginning, my relatives have always worked in public service as teachers, forest*
26 *rangers, and intelligence officers. I was, thus, inspired to also dedicate my life to service. In school,*
27 *I, like all Americans, was taught by the Government that if you work hard you get a home, a lovely*

1 *family, vacations, a boat and a good quality of life. The Government, took all of those things away*
2 *from me, though, because I spoke out about these crimes.*

3
4 *I was a Program Director, Inventor and Product designer. I studied criminal forensics, sociology,*
5 *product development and mass media in school.*

6
7
8 *The Patent Office has awarded me issued federal patents as first-to-invent the core products that*
9 *run Silicon Valley. I, and my partners, spent decades of our lives and millions of dollars on those*
10 *inventions. I was taught in school that nothing is worth getting a patent on unless it is a ten times*
11 *improvement over the old way of solving any given problem.*

12
13 *A patent is a fight with the U.S. Government over who invented a thing. You file a paper saying: “I*
14 *invented this thing” and the Government generally sends you a letter saying: “We aren’t sure you*
15 *were the first: PROVE IT!”*

16
17
18 *You go back and forth with the Patent Office in a federal investigation that can last years, and*
19 *spend vast amounts of money on lawyers, until you have absolutely proven to the Patent Office that*
20 *you were the first to invent something. Then the Patent Office awards you the patent.*

21
22 *In my case, the patent office said that I invented the things that Google, YouTube, Netflix, Tesla and*
23 *Facebook are based on. The Patent Office and my emails, contracts, NDA’s and other evidence,*
24 *proves that I invented those things, and launched the companies offering those products and*
25 *services, years before those competing companies even existed.*

1 I discovered later that those competitors hired moles to spy on my companies and their
2 technologies. Even worse: I found out that my government officials covertly owned those
3 companies!!! Yes, my elected officials turned out to be either financed by, friends, with, sleeping
4 with, dating the staff of, holding stock market assets in, promised a revolving door job or
5 government service contracts from, partying with, personal friends with, photographed at private
6 events with, exchanging emails with, business associates of or directed by; our business
7 adversaries, or the Senators and politicians that those business adversaries pay campaign finances
8 to, or supply political digital search manipulation services to. Criminal U.S. Senators and White
9 House staff coordinated and profited in these schemes.
10

11
12 Those politicians own family members have now supplied evidence against them.
13

14 If you have wondered why Silicon Valley has had the largest number of Congressional hearings
15 against it, BUT the least number of regulations imposed, you can look no further than the covert
16 ownership of Silicon Valley by your elected officials. Your politicians get paid bribes, by Silicon
17 Valley, to keep the political corruption alive and well while they operate, with impunity, as the
18 biggest threats to society ever manifested.
19

20
21 Your politicians protect Silicon Valley and allow it to keep producing child suicides, racism,
22 misogyny, child mental health threats, domestic spying, data harvesting, sex trafficking, election
23 manipulation, tax evasion, censorship, political bribery and many other crimes!
24

25
26 Why?
27
28

Pg 5 of 5; 5.2.22, CONGRESSIONAL AND COURT TESTIMONY, U.S. Dist Crt Norcal Case

22-cv-1107-TSH

Because crime pays...for Government officials!

Certain Government officials, listed by name in the evidence documents, have knowingly formed a RICO-law violating 'criminal enterprise' in order to operate monopolies against the public, including me and my companies, that place criminal greed over ethical governance. The highest levels of DOJ, FEC, OSC, and other enforcement agencies have been proven, BY CONGRESS, to have been blockaded by cronyism and corruption in their required duties to arrest these officials.

*America can no longer tolerate the crony insider protectionism for the Big Tech billionaires and their crooked Senators. Corruption in office must no longer be a **Walk In The Park**. It must be a **Perp Walk**!*
